

Inspiration for the facilitator

In "the good workshop" it is important that the facilitator helps the one who presents the abstract/paper with the framework of the workshop. Therefore:

The facilitator welcomes the participants at the start of the workshop – and ends the workshop.

The facilitator is aware of the time:

- Draws the attention to the time when there are 5 minutes left (holds a yellow card with the message "5 minutes")
- Draws the attention to the time when there are 2 minutes left (holds a red card when with the message "2 minutes")
- Stops the workshop in time for the participants to go to their next workshop

Facilitates the contents of the debate

- Draws the attention to the focus of the conference, *The mutual Nordic challenges in vocational education*
- Is chair of the debate
 - Notes who wants to participate
 - Asks clarifying or supplementary questions in order to promote the debate if the participants have no questions

Thank you for your help!
